A Undergraduate having apt skills set to deal with a variety of problems with different approaches, having experience in competitive programming and handling complicated projects. Looking forward to work and learn with a passion to contribute to an organization's growth.

EDUCATION

12th PCM
Delhi Public School, Hyderabad
06/2017 - 05/2018   *Percentage - 90%*

B.Tech(CSE)
BML Munjal University, Gurgaon
07/2019 - Present   *CGPA - 8.5*

PERSONAL PROJECTS

Mind Cracker Application ⬈
- A standalone application Created with the use of core java and MySQL using a very interactive interface. The application is modified to improve the skills of students perceiving Secondary education in the field of maths

Image Forgery Detection And Localization ⬈
- This project will focus on building a system that will separate out the type of forgeries in images and will localize them in minimal time

FurnitureXD ⬈
- A full-stack Website designed for Furniture shopping for home via online mode with home furniture designs that have been uniquely crafted for different areas of the home. Using MongoDB,NodeJs, Express Js,Html,CSS and javascript.

Door unlocking with Face Recognition and voice Recognition
- Applied face recognition using raspberry pi for captured face and used face recognition ,Voice Recognition algorithm to compare it with already stored image, voice to predict

WORK EXPERIENCE

Machine Learning Intern
Sabudh Foundation
05/2021 - 07/2021
  Achievements/Tasks
  - I have learned a lot in a span of 2 months, especially in the field of Machine learning and deep learning
  - Also learned few new skills pandas, NumPy, Docker, Web scraping
  - I have worked on a project (Image Forgery Detection and Localization) during the internship, using deep learning and computer vision

Organizing Committee Member
Hult Prize BMU
09/2020 - 11/2020
  Achievements/Tasks
  - My role was to Organize meetings and manage the work related to operations and to maintain a smooth flow of events
  - I have coordinated a few participating team's for HULT prize and contributed to making the event a success

SKILLS

C/C++   Java   Python   Git   Data Structures

Object Oriented Programming

Full stack Web Development   Algorithms

Machine Learning   Basic hacking

CERTIFICATES

• Ethical Hacking Training , InterShala ⬈
Information Gathering and VAPT of some important vulnerabilities in the OWASP top 10 and Documenting and Reporting Vulnerabilities.

• Microsoft Azure classroom certificate ⬈

• Python Programming Masterclass, Udemy
